Professional Summary

Experienced Full-Stack Laravel Developer with M.Eng. in Electrical & Electronic Engineering and B.Sc. in Applied Physics & Electronic Engineering from University of Rajshahi. Specialized in developing scalable web applications including e-commerce platforms, SaaS solutions, classified websites, booking systems, and enterprise applications. Proficient in PHP, Laravel, Vue.js, and modern web technologies with a proven track record of delivering high-quality, user-centric digital solutions. Passionate about leveraging cutting-edge technologies to create impactful web experiences and drive business growth through innovative software development.

Professional Experience

Software Developer

Dhaka Softwares

CURRENT

📅 January 2025 - Present | Banani, Dhaka, Bangladesh (Remote)

Developing and maintaining enterprise-level web applications using Laravel framework. Collaborating with cross-functional teams to deliver robust, scalable software solutions. Implementing best practices in code quality, security, and performance optimization while working remotely.

Software Developer

Arobil Ltd

📅 February 2022 - Present | Banani, Dhaka, Bangladesh

Leading development of complex web applications with scalable architectures. Mentoring junior developers and conducting code reviews. Specializing in Laravel-based solutions for various business domains including e-commerce, SaaS platforms, and management systems.

Web Developer Intern

Oasis IT

📅 August 2016 - August 2017 | Rajshahi, Bangladesh

Web Design & Development Department. Gained hands-on experience in full-stack web development, working on real-world client projects and learning industry best practices in modern web technologies.
